# INSPIRATION

## 灵感

Portland, inspired by the limestone of Portland Island. Portland Island boasts a unique geology, composed entirely of limestone formed from various ancient marine organisms through long-term natural movements, creating a distinctive landscape that makes the local rocks even more rare and peculiar. Transcending the original, while preserving the natural character of Portland stone, creative interpretations of the eternal art of life are presented. The purity and whimsy of nature are combined, unique beauty and texture are released and spread, re-drawing the magical rhythm of the creation of heaven and earth.

波特兰，以波特兰岛的石灰石作为设计蓝本。波特兰岛拥有独一无二的地质，整座岛由各种远古海洋生物历经长期自然运动演变而成的石灰岩组成，如此独特的地貌使得当地的岩石也更为珍稀奇特。超越原生，保留了波特兰石的天然个性，创意演绎亘古永存的生命艺术，自然的纯粹与妙趣融合聚拢，独特的美感和质感释放蔓延，再绘天工开物的神奇律动。
