INSPIRATION

灵感

The design is inspired by the travertine of Ascoli, Italy. Ascoli is surrounded by mountains on three sides, as well as the gray rocks that surround this small town. Therefore, gray rocks have become the main building material of this town in the past.

Different layers overlap and overlap, forming a ribbon-like texture like jade facets. The mysterious and elegant gray tone is looming, scattered, smudged, and diffused. The dreamy realm spreads and flows in the living space at this moment.

设计灵感来源于产自意大利阿斯科利的洞石，阿斯科利三面环山，群山里的灰色岩石围绕着这个小城，因而灰色岩石也成为了这个小镇过去主要的建筑材料。

不同的灰度交叠重合，形成了玉石切面般的带状纹理，神秘优雅的灰调若隐若现，散落、晕染、扩散，梦幻之境，这一刻在生活空间中蔓延流淌。
